April 14-17

Kindness

Tasks for At Home School

Read 2 poems about kindness: *How Many, How Much* by Shel Silverstein and *L-O-V-E* by Chris Harris. Choose your favourite one, and **write** to explain the Big Idea, Lesson, or Moral in the poem. Explain how you can use this lesson in your life right now.

Choose a **small act of kindness** that you can do this week. It could be reading to your little sister, making a snack or tea for your tired parent, or drawing a picture or writing a letter to someone you miss. Choose something that will **make someone else feel all warm and cozy inside**. Take a photo or draw a picture, and **write** to show what you did.

In **Math** we are reviewing multiplication and division, and starting fractions. You can play a **fractions game online**, **bake** an Easter treat that uses fractions in the recipe (share it with someone who needs a smile), or play multiplication war with a **deck of cards**.

Go outside to work, play, or exercise. Look for **signs of Spring**. They are all around you. See if you can find something blooming, something that smells like Spring, a tiny plant just starting off, a bird, and the Easter Bunny. Take photos of these things if you can.

Your teacher will give you **any other instructions** that you need.

Stay tuned for an email from your teacher about Team meetings, hand-in instructions, and other information.

We hope that you have a safe, calm week, full of love and learning. Read lots, talk to your friends and family in whatever way you can, and play outside. From Mrs. Daly and Mrs. Sigaty

Side Notes

Every day try to read a little, write a little, do a little math, and get outside. That is the ideal, but we are all in different circumstances, so just **do your best** every day. Nobody is perfect, and we need to try to be **compassionate** to ourselves, as well as to the people around us.

Multiplication War

Divide a deck of cards in half. Players flip the top card at the same time. The first person to correctly multiply both numbers gets both cards. Jacks are 11, Queens are 12, and Kings are 0. Check your cards with a multiplication chart or a calculator.

Fractions Games

HOW MANY, HOW MUCH

How many slams in an old screen door?

Depends how loud you shut it.

How many slices in a bread?

Depends how thin you cut it.

How much good inside a day?

Depends how good you live 'em.

How much love inside a friend?

Depends how much you give 'em.

By Shel Silverstein

L-O-V-E

By Chris Harris

L is for Looking out for others.

O is for Openheartedness.

R is for---

Hey! There's no "R" in "LOVE"!

...I know, but I thought maybe I could say that I'm for Respecting---

No! No! No! There is no "R" in "LOVE"!! Get outta here, R! Go on, git!

Okay, that's more like it. Now let's keep going.

V is for...Very guilty about how mean we just were to the letter R.

G is for Guys, you can't go around saying that you're all about love, and then act so terrible to letters that just don't happen to be in the word, like myself and R.

P is for Pretty good argument, G--- love should be about accepting everyone, including us!

...

L is for Look, we've been doing some thinking, and you're right. The four of us went a little too far, and we're sorry. Please forgive us. All you other letters, come on back!

E is for Everyone is welcome now!

And that's what

is all about!

MULTIPLICATION

×	0	1	2	3	4	5	6	7	8	9	10	11	12
0	0	0	0	0	0	0	0	0	0	0	0	0	0
1	0	1	2	3	4	5	6	7	8	9	10	11	12
2	0	2	4	6	8	10	12	14	16	18	20	22	24
3	0	3	6	9	12	15	18	21	24	27	30	33	36
4	0	4	8	12	16	20	24	28	32	36	40	44	48
5	0	5	10	15	20	25	30	35	40	45	50	55	60
6	0	6	12	18	24	30	36	42	48	54	60	66	72
7	0	7	14	21	28	35	42	49	56	63	70	77	84
8	0	8	16	24	32	40	48	56	64	72	80	88	96
9	0	9	18	27	36	45	54	63	72	81	90	99	108
10	0	10	20	30	40	50	60	70	80	90	100	110	120
11	0	11	22	33	44	55	66	77	88	99	110	121	132
12	0	12	24	36	48	60	72	84	96	108	120	132	144
