Equivalent Value of Coins

Count the money.

There are four dimes. Count by 10s: 10, 20, 30, 40. This group is worth 40¢.

Which group is worth the same amount?

This group is 35¢.

This group is 45¢.

This group is 40¢.
This is the same amount!

Count the top group of coins.

Which group below it is worth the same amount?

Put a checkmark ✓ beside that group.

Comparing Amounts of Money

Which is worth more?

First, count the first group.
Count by tens to add the dimes:
10¢, 20¢.
Next, count by fives to add the nickels:
25¢, 30¢, 35¢, 40¢.
This is 40¢.

or

Now, count the second group.
First, count by tens to add the dimes:
10¢, 20¢, 30¢.
Now, count by fives to add the nickels:
35¢, 40¢, 45¢.
This is 45¢.

45¢ is more than 40¢. The second group is worth more.

Count the money in each group. Put the total on the line. Circle the group that is worth more.
