

**Cultus Lake Community School**

**Weekly Newsletter #38**

Dear Parents and Guardians,

We made it to the final week of the school year! What a different ending June brings. No matter what it looks like, it does not affect how amazing of a year we experienced with our classroom community. We have worked hard, played hard and laughed lots. I have enjoyed coming to work every single day and your children played a huge part in that. Also, I can not express my gratitude to you enough. Your families have been supportive, encouraging and patient with me as we navigated many challenges. I have appreciated you and have enjoyed teaching your children so much. A few points for the upcoming week:

- Those students who are coming to school this week will receive their report cards on the last day they attend
- Remote learners can pick up their report cards (and wave to me!) on Thursday at our report card pick-up anytime between 12:30-1:30pm
- If that doesn't work for your families, reports will be mailed out
- Students that attend school on Thursday, it is a half day of instruction and students will be dismissed at **11am**. (Bus students will catch the bus at 11am)
- To recognize the hard work our class did with the Green Team this year (and because our Science Fair trip was cancelled 😞), we have organized a virtual field trip to Urban Safari Rescue Society on Monday afternoon (12:30-1) and Thursday morning (9-9:30). On the next page you will find the links to join the Zoom meeting if you want to be introduced to some amazing animals. All learners are welcome!

I hope you and your family have a wonderful summer and I hope to see many of you back in the fall!

Mrs. Tara Lyon 😊

"Your greatest contribution to the world may not what you do, but who you raise."

Thank you for raising such remarkable children. They are making this world a better place!

Trip #1: Urban Wildlife Rescue Center

Monday, June 22·12:30 – 1:30pm
